

I am concerned that the LPFM initiative will result in me losing my translator that provides vital information on K-LOVE via 94.3FM.

K-LOVE serves my local community with a clean and moral alternative that is wholesome for my entire family.

Without K-LOVE we would not have access to local programming that gives a Christian viewpoint of current affairs.

Alternative views are one of the things that makes America GREAT. Removing K-LOVE is not in the public's interest as it does provide a much needed public service.

I trust that I will continue to hear K-LOVE and that LPFM will not interfere.

Sincerely,

Dave Reese
